FAST FORWARD YOUR FUTURE

If you live in England and are or will soon be aged 16 - 17, NCS is a once in a lifetime experience.

Along with thousands of other people your age, you'll take part in different outdoor activities, develop skills you didn't even know you had, learn new things, help your local community and best of all make a load of new friends. You'll also be given the opportunity to create a project you really care about and bring it to life in your local area.

Phase 1: It all starts at yes

From taster days to meeting your teammates, there's plenty to be involved in as soon as you sign up!

Phase 2: One small step, one giant leap (week 1)

An exciting five days away from home in the great outdoors. Meet new people, build your confidence and try new challenges led by fully qualified staff.

Phase 3: Lessons that can't be learnt in class (week 2)

Live independently for five days in a local university halls of residence, youth hostel or youth centre. Discover more about your community and learn vital new skills.

Phase 4: Fast forward your future (week 3)

Be inspired by businesses and community groups. Design a project to help a local charity or cause of your choice.

Phase 5: Make your mark (week 4 onwards)

Work with new friends to deliver a social action project in your community in 30 hours across a number of days.

Graduate

Celebrate your team's achievements at a special graduation ceremony. Dress up and get together with everyone involved for a huge party! And pick up your certificate signed by the Prime Minister.

Phase 6: Continue the journey

Take part in further social action, use your new skills in study and work and enjoy exclusive NCS graduate opportunities. You could even have the chance to venture overseas with the International Citizen Service.

Your entire NCS experience, including residentials, accommodation, food, transport, taster sessions, training, graduation party and more, is just £50 per person. Don't let costs put you off though; ask us about the bursaries that are available because we want to make sure everyone can take part.
