

Special Provision Capital Fund – Consultation outcome

Consultation period 02nd January 2018 – 26th January 2018

The Local Authority consulted on providing capital investment in both the primary and secondary sectors in Halton, to assist in the reduction of placements at independent providers, particularly out-borough, and associated transport costs for children with Social, Emotional and Mental Health (SEMH) needs.

79 responses were received, 61 from parents and carers, 16 from school settings and 2 for outside organisations. 77% of respondents agreed with the proposals and the graphics below show the results.

The Local Authority is now working in collaboration with its schools to determine where the provision will be placed.
