CHILDREN'S SERVICES

Activity groups for children and young people

Core Assets Children's Services, a leading provider of services to children and families, are working in partnership with Halton Borough Council to offer exciting FREE activity groups for children with disabilities aged 12 – 18 years.

Children and young people will get the chance to experience a wide range of activities in a safe and stimulating environment. These activities are designed to allow young people to have fun build confidence and make new friends.

We cater for children and young people with a range of disabilities and additional needs, including those with medical and/or personal care needs.

Activity groups for children and young people

Family fun days

Throughout the year Core Assets will organise 'Family Fun Days' for families to engage in a social activity and shared experience. These will be delivered throughout the school holidays.

Friendship Groups

The 'Friendship group' is a small group of young people that meet on a fortnightly basis and participate in a range of social activities out in the community.

The group is young person led through identifying activities they want to participate in. These have included, going for a meal, cinema, cooking, bowling, games nights and swimming.

The group will also support those young people nearing a point of transition and work upon building independence skills that are AQA recognised.
