

# PROGRESS SPORTS

## Where are they now?

### Connor Grainger

Prescot Primary School

*"In my first couple of weeks I was asked to support in the school trip to PGL, since the trip I have began to lead sessions doing lunch time and after school clubs including sports such as basketball, rugby, tennis and more. I have been doing occupational therapy sessions with students who are not suited to classroom-based learning. As well as this I have been given my own iPad to support my delivery of PE including session planning and evidence gathering.*

*I have also recently been booked on to do my basic first aid training and difibrillator training, I have enjoyed my start in the school and I am gaining lots of experience."*

### Cameron Austin

Prescot Primary School

*"I have been made very welcome in the school with being a previous student here I spoke with all my old teachers about the memories of being here as a child. I started my first couple of weeks assisting the PE coordinator Jane so I could learn and develop to how the school wanted me to deliver my sessions. After a week I began to lead my own sessions and I now teach full groups up to 30! I also support*

*in occupational therapy for the children who aren't suited to classroom based learning, this involves activities that test their fundamental skills and allows them to have fun whilst learning. I am also undergoing training in basic first aid and defibrillator training which is vital being involved in PE. Overall I am really enjoying my time here and I am learning new things everyday as no day is ever the same."*
