

Condom Distribution & STI Screening

axess sexual health outreach team are offering a condom distribution & sexually transmitted infection (STI) screening briefing that outlines how free condoms & STI testing can be accessed.

To support professionals working with vulnerable groups, this briefing aims to increase confidence, knowledge and skills to help signpost clients appropriately.

Aims of the briefing

This briefing will include a short Teams presentation aiming to expand knowledge and highlight the importance of talking about condoms, the protection they offer and the value of discussing sexual health within your role. The briefing will cover;

- How condoms work to prevent unwanted pregnancies
- How condoms reduce the risk of STI's
- Where condoms and STI testing can be accessed locally
- Local services and what they offer
- How to become a condom and STI kit distributor

At the end of this briefing session you will have gained knowledge and understanding around:

- ✓ Where condoms and STI testing can be accessed for free
- ✓ Fraser guidelines
- ✓ How to order stock (condoms and STI screening kits) from axess outreach team

Upcoming sessions (to be arranged with individual agencies)
