

Halton SEND Strategic Improvement Board

Plan on a Page

Our Vision

For children and young people with special educational needs and disabilities is the same as for all children and young people – that they achieve well in their early years, at school and in college, and lead happy and fulfilled lives. Halton SEND Strategic Partnership believes that **every** child and young person has a right to thrive, flourish and lead an ordinary life. This should be without being labelled or restricted, no matter what their disability or ability.

We want every child and young person to:

• Feel safe; valued; included and connected

• Be given opportunities to be active and for physical and mental health

• Be empowered to make choices that shape their lives with appropriate, supportive relationships

To do this, we will:

- Improve our **culture, ethos and practice** with better processes and communication for working better together;
- Ensure that children, young people and families have access to the **right support, at the right time and at the right level** to meet their needs;
- Pave the way for children and young people as they grow up to **thrive and flourish** in their future life;
- Offer **inclusive** education or learning opportunities in an appropriate setting serving their needs.

Areas for priority action planning

Priority 1	• Strategic Oversight and Governance
Priority 2	• Cohesive Communication/ joined up systems
Priority 3	• Joint Commissioning
Priority 4	• Early identification of need and access
Priority 5	• Education, Health and Care Plans

This plan is a 3 year plan for services for Children and young people with SEND it aims to embed a culture of continuous improvement and set a clear direction for all service areas and partners.
